Scientific and Specialty Atlases and Books

Featured Series

South Australia Emergency Services Map Books

Prepared by the Department for Environment, Water and Natural Resources and published by the South Australia Department of Environment, Water and Natural Resources (Adelaide, Australia), these softcover atlases offer a collection of mapping intended to assist emergency services personnel. Each atlas focuses on a different region of South Australia and includes a wealth of information, such as regional boundaries, highways, sealed and unsealed roads, tracks, built-up areas, railways, parks, water reserves, coastlines, suburbs, fire service boundaries, power transmission lines, buildings, landmarks, emergency stations, hospitals, mines, vegetation coverage, and more. See below for individual atlas details.
