National Atlas of Georgia [Sakartvelos erovnuli atlasi საქართველოს ეროვნული ატლასი]

Bolashvili, Nana. Stuttgart, Germany: Franz Steiner Verlag; Ivane Javakhishvili Tbilisi State University Vakhushli Bagrationi Institute of Geography; Justus Liebig University of Giessen. Hardcover. 137 pages. ISBN 9783515120579. In English. 2018. 40 cm. Price: \$274.00

The National Atlas of Georgia, published for the first time in English by the Institute of Geography of Tbilisi State University as a strongly revised, updated and completed edition, offers the most current geographic information on Georgia today. The thematic maps are created using the latest digital techniques, detailing the physical environment, climate, economy, population, and historical milestones of the country. Maps, tables and texts are updated with the latest information from the following statistical sources: the National Statistics Office of Georgia, the Agency of Protected Areas and the Georgian National Tourism Administration. The National Atlas of Georgia is the result of intense cooperation between Tbilisi State University and Justus-Liebig-University Giessen and was supported by the German Federal Ministry of Education and Research.

Rich in not only maps but also text, photographs and charts, this atlas includes sections on geology; geomorphology and natural hazards; climate; hydrology; glaciers; biogeography; society (including population); and history.
