## Scientific and Specialty Atlases and Books

### Atlas polskich rzek i jezior

20-08-005 | \$50.00 | [PURCHASE](#)

#### Atlas of Polish Rivers and Lakes

Wydawnictwo Dragon, Poland. Hardcover. 445 pages. ISBN 9788381722568. In Polish. 2019.

Rivers and lakes are a permanent and characteristic element of the Polish landscape. The Polish state was shaping up on the Warta and Vistula rivers, for example, forts and routes were built. Rivers and lakes were an important part of the defense system in the old days. The album documents the most important and peculiar Polish rivers and lakes, and several dozen are shown on detailed maps. Beautiful photos reflect their unique character and atmosphere.

### Other Atlases

20-08-006 | \$45.00 | [PURCHASE](#)

#### Atlas historii Polski : od pradziejów do współczesności

Demart, Poland. Hardcover, 256 pages. ISBN 9788379122363. In Polish. 2019.

The Atlas of Polish History contains maps showing the history of Polish lands from prehistory to the present day, illustrating political history, armed conflicts (accompanied by detailed plans of major battles), economic development, and population and religious structure. It is worth paying attention to the unique maps concerning detailed issues from the Polish history of the 20th century: the participation of Poles in World War I, the Polish-Bolshevik war of 1920, the migration of people during and immediately after World War II, the course of the Warsaw Uprising, social protests immediately after the Second World War. St. and in the following decades, the course of the Operation Vistula and the numbers and types of troops stationed in Poland of the Soviet army. An important supplement to the information contained in the maps are calendars describing individual historical periods.
